

FAQ

What is a Future Fair?

A Future Fair offers students and their families the opportunity to learn about post high school opportunities.

How does it work?

Using the event platform called Premier Virtual, allows students and families to have one-on-one interactions with recruiters from colleges, universities, tech & trade schools, apprenticeships, military branches, and organizations with established career pathways from the comfort of their home.

A proud partner of the

network

2021 FUTURE FAIR

Are you a college, university, technical or trade school, advanced training facility or military recruiter looking to connect with students on the South Shore?

THIS IS YOUR EVENT!

Please participate in our

Virtual Future Fair

Engage with youth looking to learn more about post high school opportunities

WEDNESDAY – APRIL 14
